

## Where does state Road Fund money go?

Except in municipalities, transportation needs across West Virginia are funded by the State Road Fund. The fund provides money for the following:

- Road, bridge and highway inspection and maintenance
- Road, bridge and highway construction
- Repairing road slips
- Paving
- Lighting
- Snow and ice removal
- Road, bridge and highway signs
- Guardrails and safety devices
- Equipment
- Debt service
- Claims
- Painting and repainting road lines

Part of the state's transportation funds also goes to support this state agency's activities:

- West Virginia Department of Motor Vehicles
