

Your Transportation Taxes, Fees Fund These Activities

Nearly all transportation needs in the state are funded by the State Road Fund. The State Road Fund provides money for the following:

- Road, bridge & highway inspection & maintenance
- Road, bridge & highway construction
- Paving (except municipal roads)
- Road, bridge & highway signs
- Painting & repainting road lines
- Guardrails & safety devices
- Guardrails & safety devices
- Snow & ice removal
- Repairing road slips
- Equipment/vehicles
- Debt service
- Claims

Part of the state's transportation funds also go to support the West Virginia Division of Motor Vehicles

Purchasing Power Declining

The purchasing power of the State Road Fund has been cut by 30+ percent over the past decade...due to inflation/higher prices for steel, concrete, asphalt, fuel, etc.

↓ 30%

West Virginians for Better Transportation is a statewide coalition of businesses, trade associations, chambers of commerce, labor groups, convention & visitors bureaus, community groups, local leaders, educators and many others. These groups are concerned about West Virginia's transportation crisis and call on state leaders to develop long-term solutions.
